Life on a Submarine

A story about "Anthony Czarnecki", Kai's Grandpa

Anthony Czarnecki was an electrician in the US Navy. He was on a nuclear powered ship called the USS Henry L. Stimson from 1965 to 1970. The submarine was 425 ft long and 33 ft in diameter. The crew was a total of 140 people. The ship could go over 400 ft under water and stayed there for 74 days! I'm sure that you can imagine it would be quite isolating and boring at times, Kai's Grandpa said that he enjoyed playing poker and watching movies in his free time.

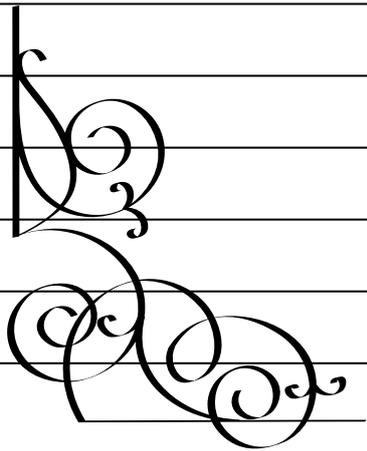

ATTENTION!

We have counted the votes and taken all suggestions for school mascots and have the answer!

Our "School Mascot" is a... BIRD!

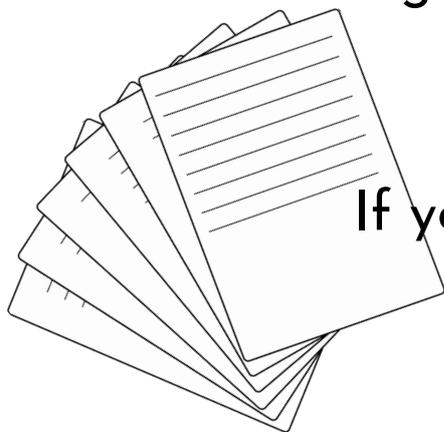

We got 5+ votes for a bird so this is the
OFFICIAL KSI SCHOOL MASCOT!
(soon we will have an official animation for
our mascot.)

***Of course our mascot needs a name
so.... Suggestions???***

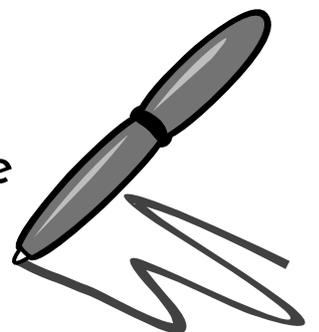

Write Club?!?!

We are starting a write club! Once a week everyone who is interested can get together and we will write short stories to share with each other!

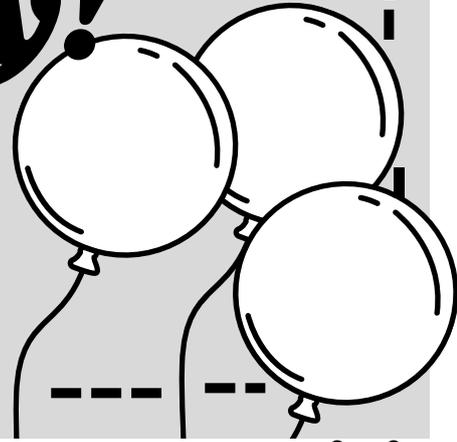

If you are interested sign up here

Recent B-days!

Kru Sandy!

May 3!

Jokes!

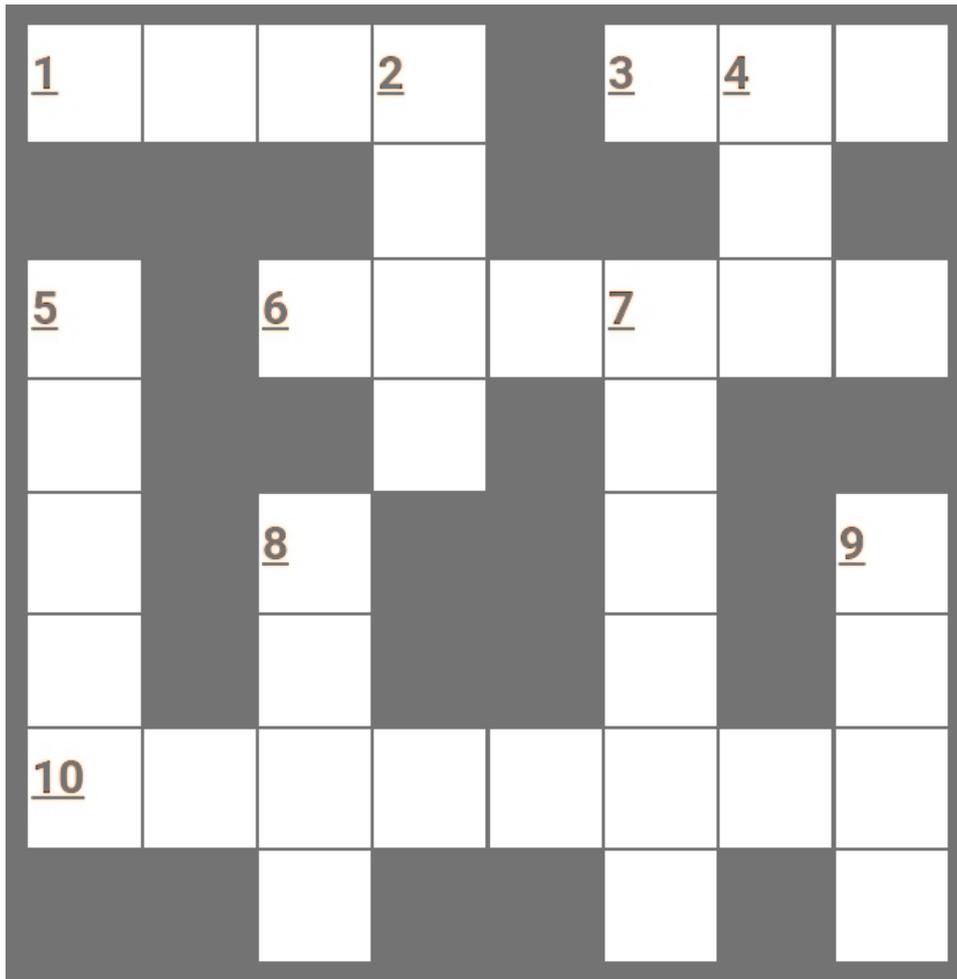

What's one way we know the ocean is friendly?

It waves!

Fact Of The Week

"OMG" usage was first used in 1917! In a letter, John Arbuthnot wrote to Winston Churchill saying "I hear that a new order of Knighthood is on the tapis, O.M.G"

Snack of the week!

Mango Salsa and Tortilla Chips

Benefits of mango:

1. Rich in Antioxidants

Mango is rich in protective antioxidants, antioxidants are substances that protect your cells from free radicals which may cause sicknesses like heart disease and cancer. Free radicals are molecules produced by the body when your body breaks down food or is exposed to things like radiation.

2. Good for Digestion

3. Helps maintain healthy skin and hair

Mangos contain Vitamin A and Vitamin C. Vitamin C helps form collagen (The protein that plays a part in providing your body healthy joints, skin elasticity, and stretchiness.) If you don't have enough Vitamin C this can affect wound healing and increase lines and wrinkles. Our hair also needs vitamin C both for collagen production and also to help with the absorption of iron, an important mineral needed for hair growth.

Other benefits:

Supports heart and eye health.

Little Riddles

There's a one-story house in which everything is yellow. Yellow walls, yellow doors, yellow furniture. What color are the stairs?

David's parents have three sons: Snap, Crackle, and what's the name of the third son?

What has legs, but doesn't walk?

1. There are none, it's a one story house.

2. David

3. A table

The students have become very fond of the story "Planet Bob" created by Tessa Smallcomb. She asks the students for random words to fill in the blanks of the sentences and it becomes a hilarious story. They all want the story to proceed and Tessa herself says that more "Planet Bob" is coming!!

KSI News will be published every other week!
Be sure to keep up with the recent school news!
